

is entirely organised by enthusiastic volunteers with a love of plants and gardening.

There will be over 40 Plant exhibitors with choice collector plants and interesting selections useful for realistic home growing conditions to make your dream garden.

Learn direct from growers which of their plants would best suit the growing conditions for your garden.

### 2016 PLF Ambassador

### ABC Gardening Australia Presenter

### Angus Stewart

Meet Angus at his stand, 'Gardening with Angus', where he will be selling his own Kangaroo Paw hybrids along with his books on cultivating native plants.

Hear him on Sunday 25 September at 1.30 pm in conversation with Olga Blacha about her concept of an Australian Japanese Fusion Style Garden.

Angus will also feature in the Growers Workshops in the Marquee.
